MEMORANDUM FOR: Program Office Resource Managers

FROM: Howard G. Borgstrom

Working Capital Fund Manager

SUBJECT: January Working Capital Fund Billing

This memorandum transmits the January, 2002, charges to your program for the Working Capital Fund. A copy of this billing has been forwarded to the Chief Financial Officer to be recorded in the Headquarters Accounting System (DISCAS).

Distribution of Customer Bills

As of the December WCF Bill, we discontinued hard copy distribution of the monthly Working Capital Fund detailed customer bills. If you have any problems accessing any of the e-mail files or printing hard copies, you should contact Roscoe Harris (6-5527). In addition, if you find you still need hard copy distribution, please contact Bob Emond (6-2354). We are committed to working with you to facilitate your understanding of WCF bills.

FY 2002/2003 Budget Guidance

By memorandum dated December 20, 2001, we issued updated guideline estimates for FY 2003 Congressional Budget, which included revised estimates for FY 2002. In addition, FY 2001 actual costs are good indicators for FY2002 activities. This may not be true for Building Occupancy, Desktop Support, and Payroll Processing estimates that could vary from FY 2001 actual expenses due to revised rate structures or renegotiated annual Service Agreements.

Other factors, known only to the program, may also impact your consumption of WCF goods and services. In making resource allocations for your program, you may wish to adjust our estimates as necessary to account for planned changes in staffing levels, anticipated increases or decreases in usage levels, potential organizational realignments, and any other factors that you feel are appropriate and relevant.

FY 2002 Cost and Payment Analysis with Annual Projections

The following tables are attached to assist you with your analysis of actual monthly WCF expenditures. Estimated projections of annual FY 2002 costs, as shown in Tables III, and IV (attached), are derived using the most reliable of the following methods:

- A straight-line method to annualize actual costs incurred year-to-date (Supplies, Mail Usage, Photocopy, Printing, Standard Building Occupancy, Telephone Line Charges, Desktop, Networking);
- (2) Actual full year costs billed, where no further billing is expected (Payroll, Building Alterations, CHRIS, Mail Distribution and On Line Learning);
- (3) Revised FY 2002 budget estimates (as reflected in the FY 2003 Congressional Budget), where a straight-line methodology may not produce a representative total estimate due to the uneven manner in which costs are expected to be incurred (Contract Closeout).
- Table I Summarizes costs for the current billing cycle only and provides separate columns for some business lines to distinguish between charges that are assessed monthly and those assessed annually or quarterly.
- Table II Shows the total to date of all costs billed for the current fiscal year, reflecting cumulative consumption through the current billing cycle.
- Table III Shows the most current projection of annual costs for each customer and business line. The source of these projections varies according to business line as described above.
- Table IV Compares annualized cost projections (from Table III) to revised FY 2002 estimates provided with the FY 2003 Congressional Budget guidance and to payments authorized year-to-date.

January Charges Per Business Line

Supplies - The enclosed bill reflects actual usage of supplies for the month of January both as purchased through the various PAPERCLIPS Stores and as ordered through Requisition.

Mail Services - The enclosed bill includes charges for outgoing metered mail and special handling charges incurred during January are also included.

Photocopying - This bill reflects charges for actual January usage. Per copy rates for central and staffed facilities are 2.8 cents per copy, 1.5 cents for dedicated copies and 50.0 cents for color copies.

Printing and Graphics - The enclosed bill reflects charges for printing jobs ordered and Federal Register notices published during January. It also includes charges for indirect Graphics support at the rate of one-twelfth the annual assessment, based upon the pro-rata share of total service costs as determined by usage of such service in FY 2001.

Building Occupancy - The January bill reflects charges for the second quarter GSA rent bill and is equal to one-fourth of the full annual estimate for space assigned to your organization as of October 1, 2001. This bill includes charges for non-standard space alterations, additional rent charges, utilities, office relocations, and other E&F services requisitioned and performed prior to January 25.

Telephones - The January bill includes actual local and long distance charges for usage incurred during November. In addition, infrastructure charges, based upon the number of phone lines currently assigned to your organization, appear at the rate of one-twelfth the annual estimate.

Network - January charges, based upon the number of LAN connections currently assigned to your organization, are included at the rate of one-twelfth the annual estimate. January charges for **DOEnet** are based on customer usage with an allocation of DOE CHRIS utilization charged back to customers based on standard on-board staffing levels used in the payroll business.

Desktop - The enclosed Desktop bill incorporates time and materials charges for service actually used during January. Charges for subscription and warranty service are also included at the rate of one-twelfth the annual cost, where applicable.

Payroll Processing - The full **annual** amount assessed to your organization, based upon actual on-board staffing at the beginning of FY 2002 was billed in October.

Corporate Human Resource Information System (CHRIS) - The full **annual** amount assessed to your organization, based upon actual on-board staffing at the beginning of FY 2002 was billed in October.

On-Line Learning Center (OLC) – The January Bill includes OLC second quarter FY 2002 charges for variable subscriptions.
